

WILL YOU SPONSOR A FUTURE LEADER?

Student leadership impacts us all. It is crucial for students to find success in their classroom, your workforce, and our communities.

During the 5-day Leadership in Action Camp, young leaders will develop their identity and confidence as leaders within their community. Incorporating daily practice, reflection, games, and problem-solving challenges, they will hone their skills in targeted leadership traits.

By taking ownership of their own learning and leading collaborative groups in problem solving activities, campers develop their critical thinking and self-confidence. Specific leadership opportunities are fostered in a manner that brings out the best in each individual.

MORE ABOUT CAMP!

June 21 - 25 @ Palmetto State Park

The curriculum of CLEAR Ed's LIA camp has been developed by a team of educators with over 35 years of experience teaching and leading schools from elementary through higher ed. Deeply rooted in hands-on experiential learning, this program combines the latest research in whole child development and design thinking from the Hasso Plattner Institute of Design at Stanford University.

Young leaders will develop their identity and confidence as leaders within their community. Through daily practice and reflection, games and problem-solving challenges, they will hone their skills in targeted leadership traits.

OUTCOMES

Young leaders will return to their communities with enhanced skills, abilities, and confidence to take on leadership roles in their schools, homes, places of worship, and within the organizations they are a part of. They will be able to apply their understanding of effective communication, collaboration, teamwork, and empathy to create and implement project plans to cultivate a positive impact. Young leaders will recognize the responsibility of leaders to generate positive change, determine when and how to transition between the roles of leader and follower, and apply problem solving skills to challenging situations.

LEADERSHIP IN ACTION SUMMER CAMP 2021

GOAL

The LIA camp exists to introduce the next generation of leaders to crucial leadership concepts and beliefs that will allow them to be catalysts for positive change in their own communities. Exploring examples from across the globe and close to home, young leaders will apply core truths of leadership to their own lives and identify ways to serve and grow on their own leadership journey.
